Separate space is must for teachers in the canteen

No suggestion. Everything is good

Staff meetings should be organised on a regular basis in the future to encourage all staff members, both teaching and non-teaching, to participate in the development of the college. Any improvements must be democratically enacted.

–

It is my opinion that before implementing or introducing any new scheme/strategy its better to convene a inclusive of the representatives of all the stakeholders. In addition general staff meeting may be convened to take any action.

Please take responsibility on students career. Like who interested in related field , just give them a clear way to achieve their career-high.

May be as a MDTian I will tell about my college as a good one...but the other side I didn't like it...It's about caste problems...As a Tirunelveli people's we are not developed comparing to others..

So I request the management to take any actions to avoid the problems by castes...to avoid this problems they should choose the students by proper counselling under reservation....This is my kind request...
